

Campfire Yarns

Would you like a taste of Aussie, feel the bush land in your veins
or ride a shift with Clancy driving cattle on the plains?
Maybe shear a sheep with Howie, feel soft wool run through your hands,
or work along with rouseabouts clearing fleeces from the stands?
And then, when the day is ended and the sky has lost its hue,
sit around a blazing campfire boiling billy for a brew?
Then it's time to take a breather, telling yarns with all your mates,
So come and join our campfire at this time and date.
